Nilsa Gonzalez, REHS • Public Health Branch Deputy Director • Environmental Health Director

WATER QUALITY EMERGENCY NOTIFICATION PLAN

The California Health and Safety Code, Section 4029, requires all water utilities to have an **Emergency Notification Plan.** This plan is to be implemented whenever Tulare County Environmental Health Services Division determines that your water supply fails to meet water quality standards and poses an imminent danger to the health of the water users. It is recommended that this same plan be used for water outages and rationing resulting from natural or man-made disasters.

Water System Name: _____

In the event of an emergency, or at the direction of Tulare County Environmental Health Services Division, I propose to notify the users of the above water system by the following method(s): (check all that apply)

Door to Door ☐   Posted Signs ☐

Printed Flyers ☐   Telephone ☐

Emails ☐   Text Messages ☐

Name: _____

Signature: _____   Date: _____

In the event that the primary contact cannot be reached, the following are alternate contacts that can implement the Emergency Notification Plan:

Name: _____   Phone: ( ) _____   E-Mail Address: _____

Name: _____   Phone: ( ) _____   E-Mail Address: _____
