**\*Disclaimer:** The providers on this list are not affiliated with the County of Tulare. The bloodborne pathogen training courses offered by these providers have not been reviewed or evaluated for content material or compliance with the bloodborne pathogen training requirement as indicated in the Health & Safety Code Section 119307. The Tulare County Environmental Health Services Division does not certify or endorse any providers or Bloodborne Pathogen training courses. Many other courses are available that are not listed here. This list is intended for informational use only.

An owner shall provide Bloodborne Pathogens Exposure Control Training pursuant to the requirements of paragraph (2) of subdivision (g) of Section 5193 of Title 8 of the California Code of Regulations, or its successor, for all employees, contractors, and volunteers who perform duties within the decontamination and sterilization area or procedure area.

Additionally, the State of California Body Art Regulations require that the bloodborne pathogen training be specific to performing body art. All persons who take the bloodborne pathogen training course must enroll in a course with a minimum of 2 hours of instruction time. Training must be renewed annually. Pursuant to the Health & Safety Code Section 119307 (e) records of training shall be maintained for three years and shall be available for inspection upon request of the enforcement officer.
