

CalARP Public Notice

In accordance with Health and Safety Code, Chapter 6.95, the certain businesses have submitted a California Accidental Release Prevention (CalARP) Program plan. The CalARP regulations cover several hundred listed flammable and/or toxic materials (e.g., ammonia, chlorine, flammable gases, etc.) which pose the greatest risk for causing death, injury, or seriously affecting human health or the environment if accidentally released.

The CUPA has reviewed the plans and made the determination that the plans are complete. In accordance with HSC 25535.2 and CCR 2745.2(c), notice is hereby given that the Risk Management Plans (RMP) are available for public review and comment for 45 days after the "Start of Review" date.

CalARP RMP Available for 45-day Public Review
